EU Energy Law and Policy Issues

- The Energy Law Research Forum Collection -

Published in December 2008, EU Energy Law and Policy Issues is the first in a planned series of reference works by the **Energy Law Research Forum** (go to www.elrf.org for more details). The publication comprises 15 texts by some of Europe's leading energy law researchers and practitioners offering a critical analysis of the way in which EU energy legislation and policy are evolving. The contributors cover constitutional issues, liberalisation of EU energy markets, Ownership Unbundling, Long-term gas contracts, security of supply from an internal and external policy perspective, energy efficiency, renewables and climate change.

The authors include K. Talus (Lecturer University College London), Dr. H. Bjornebye (Lawyer Arntzen de Besche) , Dr. Sanam S. Haghighi (Econgas), Dr. Adrien de Hauteclouque (Florence European University Institute), Wouter Geldhof and Frederik Vandendriessche (Lawyers Stibbe), Wouter Vandorpe (Lawyer Lydian), Bram Delvaux (Katolieke Universiteit Leuven), Michaël Hunt (Université catholique de Louvain), Alicia Guimaraes Purokoski (Ministry of Foreign Affairs Finland), Javier de Cendra (Maastricht University), Antti Kivipuro (Finnish Energy Market Authority), Meghan White (Legal Consultant Enhesa) and Angus Johnston (Lecturer Cambridge University).
